- Details of key challenges for M3 were discussed and compared with challenges for CWLEP
- Both areas had similarities around challenges for economic recovery plans
- M3 have taken a different approach towards growth, promoting some new sectors, where growth is strong, and niche opportunities with areas of specialisms relating to their economy

- Overall discussions were useful with a comparable LEP
- Both LEPs identified and committed to further discussions to explore several areas of mutual interest
- Peer Reviews would continue to be continuing programme, organised through the LEP Network

- A workshop session had been booked for 30<sup>th</sup> June where discussions would take place around the findings and effectiveness of how the LEP was being challenged
- Details of the outcome of the review would be provided at a future meeting.

The following points were noted;

- The Committee were informed that following a recruitment campaign, 5 new LEP directors had been appointed in April 2021, resulting in new appointments as Sub Board Chairs and vice chairs. In order for Scrutiny Committee to gain a better understanding of the decisions and challenges faced by each sub-board, it was agreed that once the Chairs had been in post they would be invited in turn to attend a Scrutiny Committee meeting
- It was agreed that those invited would be asked to provide a short presentation on the key challenges of the agenda for their committees, followed by an opportunity for questioning, with the Chairs of the Committees also having the opportunity to gather an understanding of the work of the Scrutiny Committee
