Location: Chester, Cheshire West and Chester

Company: The Parts Alliance

Job Title: Credit Controllers

Credit Controller All LocationsChester Service CentreAll DepartmentsAccounting/FinanceAdvertising SalaryMarket LeadingVacancy TypePermanent - Full TimeHome Vacancies Credit ControllerAbout The RoleWe have an amazing opportunity to support the financial performance of GSF Car Parts by efficiently managing customer payments, reducing overdue debt, and maintaining positive client relationships.About You 1. Credit Control & Debt Collection Ensure payments are collected within agreed terms by effectively managing your workload using systems such as Sidetrade. Monitor assigned customer accounts regularly to identify and follow up on overdue debts. Proactively chase outstanding payments and escalate unresolved issues to the credit risk team as needed. Investigate and resolve payment delays or disputes promptly. Provide timely copies of invoices and credit notes upon request. Collaborate with internal branches to help customers remain within payment terms. 2. Risk Management & Portfolio Reviews Participate in regular reviews of your customer portfolio to identify and communicate potential credit risks. Support management in developing mitigation plans for high-risk accounts. 3. Month-End Debt Clearance Ensure all overdue debts are addressed before month-end deadlines. Place accounts on hold as appropriate to prevent further credit exposure until outstanding payments are received. 4. Customer Relationship Management Handle all customer interactions professionally and courteously. Resolve customer queries promptly, working within your level of authority. 5. Additional Duties Undertake other responsibilities as reasonably assigned by your line manager. Uphold the company's standards, ethics, and values, and contribute positively to team and company objectives. Person Specification Essential Proven experience in a similar credit control role Proficient in Microsoft Office (Excel, Word, PowerPoint) Strong communication and stakeholder management skills Excellent attention to detail and organisational skills Able to work under pressure and meet deadlines Strong analytical thinking and commercial awareness Desirable Experience in a large corporate, B2B FMCG credit risk environment Familiarity with MAM and Sidetrade platforms About Us GSF Car Parts is one of the UK's leading automotive parts distributors, supplying thousands of independent garages throughout the UK and Ireland with parts, tools, garage equipment and specialist training. The group has over 175 branches nationwide and a turnover exceeding £475 million. Built on the heritage and success of a dozen local brand identities acquired over several years, we have traded as one brand since November 2021. Our branch network is bolstered by centralised support and expertise from specialist departments in key areas such as procurement and supply chain, marketing and national accounts. The business also benefits from integrated IT systems, which include our industry leading catalogue system, Allicat, and access to the Group's national garage programme, Servicesure

Engineering Shift Manager	
Link to Live Job Posting: www.engineeringjobs.co.uk	
Location: Northwich, Cheshire West and Chester	Company: Unclassified
Job Title: Shift Managers	
<p>Engineering Shift Manager Posted today by Myton Food Group Featured job</p> <p>Location:</p> <p>Northwich, Cheshire West and Chester We are looking for an Engineering Shift Manager to join our Manufacturing Operation in Gadbrook Produce (Northwich). The responsibilities for Engineering Shift Manager in this role are critical to ensuring the smooth operation of the manufacturing site.</p> <p>Responsibilities in more detail:</p> <p>Minimizing Machinery Downtime:</p> <p>The Engineering team plays a crucial role in minimizing machinery downtime. This involves proactive maintenance, predictive maintenance, and swift response to unexpected breakdowns. The team must ensure that equipment is operational to maintain production schedules.</p> <p>Improving Performance:</p> <p>The team should continually seek opportunities to enhance equipment performance without compromising product quality. This can involve optimizing processes, implementing upgrades, or using data-driven approaches to identify areas for improvement.</p> <p>Engineer Engagement:</p> <p>Keeping the engineering team engaged and motivated is important for productivity and innovation. This might involve fostering a positive work environment, providing training and development opportunities, and recognizing and rewarding achievements.</p> <p>Asset Care Programme:</p> <p>Leading and supporting the Morrisons asset care programme is a key responsibility. This program likely includes strategies for maintaining and prolonging the life of assets, reducing maintenance costs, and ensuring the team adheres to best practices.</p> <p>Hands-On Approach:</p> <p>Being hands-on in repairing and optimizing equipment assets is crucial. This hands-on involvement from the team leader can set an example for the rest of the team and ensure that issues are addressed promptly.</p> <p>Maintenance Coordination:</p> <p>Coordinating maintenance priorities with the Maintenance team is vital for ensuring that maintenance activities are planned and executed efficiently. This coordination helps prevent production disruptions and ensures that resources are allocated effectively.</p> <p>Crisis Incident Management:</p>	

Being prepared to handle crisis incidents, accidents, and near misses is essential for maintaining a safe working environment. This includes conducting investigations and taking appropriate corrective actions.

Discipline and Grievance:

Enforcing discipline and grievance procedures is necessary to maintain order and address any issues that may arise within the team. This ensures that standards are upheld and that any misconduct is appropriately addressed.

About you As well as the ability to work at pace, you will also need to have:

- Qualifications to NVQ level 3 (or equivalent, ONC mechanical/electrical engineering, BTEC level 3 in mechanical & electrical/electronic engineering)
- A proven track record in an engineering and fault finding role gained from a FMCG environment (ideally the food industry)
- A proven track record of people management and delivering strong results through a team in a people management role
- A good understanding of HACCP principles and ideally IEE qualification up to 18th edition wiring regulations
- Excellent communication skills
- Assertiveness with the ability to make decisions on the spot
- A can do attitude and a strong work ethic

In return for your hard work we will offer you:

- Six weeks holiday (including bank holidays)
- 15% discount in our stores available from the day you join us
- Additional 10% discount
- More Card for a friend or family member
- Career progression and development opportunities
- Subsidised staff canteen
- Free parking
- Market leading pension and life assurance
- Healthcare/Well-being benefits including Aviva Digital GP
- Morrisons MyPerks with discounts at high street shops, cinemas and gyms, and lots more
- Long Service Awards
- Optional Payroll charity donations
- Enhanced Family/maternity/parental leave

About us You'll find a great big welcome here at Myton Food Group - the part of our business that looks after manufacturing, whilst maintaining strong roots within Morrisons Supermarkets. At Myton Food Group, we have a legacy to be proud of. We're British farming's biggest single direct customer. We buy from highly valued suppliers. And we're passionate about the quality of our food. Today, we have 19 manufacturing sites across the UK, where we pack and process fresh meats and fish, savoury and sweet pies, fruit and veg, flower bouquets, bread and lots more.
